

Clinically checking prescriptions

- ☐ 1. Correct medication for the **indication**
(also look at off license use)?
- ☐ 2. Correct **form** of medication e.g. oral solution, tablets?
- ☐ 3. Correct **dose** - considering age / gender / weight / height / indication / blood tests?
- ☐ 4. Correct **duration** of treatment?
- ☐ 5. Is the patient **pregnant** or **breastfeeding**?
- ☐ 6. Any **allergies**?
